

E-LEARNING COURSES

- In academic year 2019/20 the following e-learning courses are available for students at University of Wrocław:
 - Computer Intensive Methods**
(the easiest course, prerequisites: *Podstawy statystyki praktycznej* lub *Teoria statystyki*)
 - Survival Analysis**
(prerequisites: *Modele liniowe* + (*Teoria statystyki* lub *Wnioskowanie statystyczne*))
 - Bayesian Data Analysis**
(the most demanding course,
prerequisites: *Modele liniowe* + (*Teoria statystyki* lub *Wnioskowanie statystyczne*))
 - Semiparametric Regression**
prerequisites: *Modele liniowe* + (*Teoria statystyki* lub *Wnioskowanie statystyczne*)
recommended: *Zaawansowane modele liniowe*
- Courses (a)–(c) are offered by Hasselt University, course (d) is offered by University of Wrocław.
- In order to enroll in course (a), (b) or (c) students from University of Wrocław need:
 - Preregister, preferably **by Oct 1st (Tuesday)**, but **no later than Oct 7th (Monday)** at www.uhasselt.be/admission (details below).
Preregistration is **not binding**, but **required** to follow courses at Hasselt University.
Preregistration is **already open**.
 - Register at USOS (Wrocław) **by Oct 3rd, 12.30 pm** (after this deadline, paper registration will be available by Oct 7th (Monday)).
 - Students will be granted access to the courses on the Blackboard system as soon as possible, but not later than October 9th (Wednesday). Early preregistration will allow early access to the course.
- In order to enroll in course (d) students from University of Wrocław only need to register at USOS (Wrocław) **by Oct 3rd, 12.30 pm** (after this deadline, paper registration will be available by Oct 7th (Monday)).
- Students can drop any e-learning course by **November 4th**. In order to drop the course students of Wrocław need both:
 - Deregister at Hasselt University (details below).
 - Deregister (in paper) at Wrocław University.
- Every e-learning course has on-line consultation sessions (Question and Answer sessions), see http://www.math.uni.wroc.pl/studia/plany_zajec/planZ.php. Attending the consultation sessions should be treated as **obligatory** for all the students enrolled in the course.
- We strongly encourage students to preregister at Hasselt **as soon as possible**, as the first consultation session is scheduled on **Oct 3rd**.

Pre-registration at Hasselt:

Students register for the master of statistic at the website - www.uhasselt.be/admission. Students need to do a minimal pre-registration and need to register for the academic year 2019-20 as a 'interuniversity guest' and choose the programme "Interuniversity guest statistics (from abroad)", fill out identity data (incl. address), secondary education (mark 'Other' at "I obtained my secondary/high school diploma" and then fill out the data of the relevant institution) and then higher education (mark "Other" for "Region of education" and then fill out the current/last study); no uploads of documents are required. In case of any problems please contact: leen.jorissen@uhasselt.be.

De-registration at Hasselt:

In order to drop the course at Hasselt, students need to deregister for that course. The student selects at the UHasselt homepage "Student", selects the "My academic file" application, selects in the left menu "My programme" followed by "Unsubscribe study programme or course unit". Then a personalized pdf will be generated, listing all currently subscribed courses of the student at UHasselt. The student marks the course(s) for which he/she want to unsubscribe, signs the form and sends a scanned version of the form by email to leen.jorissen@uhasselt.be.
